## CLARESHOLM LOCAL NEWS

Mr. and Mrs. Foxcroft left for Calgary on business on Friday morning.

Ray Henderson and his bride returned home on Wednesday morning.

Editor Newson of Staveley visited relatives in town over the week end.

Mr. Simonson has moved into the house which Dr. Brewster recently vacated.

R. K. Peck has been appointed commissioner for oaths for the Province of Alberta.

A. E. Strange has changed houses and is now living in the house west of Geo. Maxwell.

Wilfred Marsh has been appointed scavenger for the town of Clareholm for the season.

Fred Moore and family are moving from the Law farm to the Lowry place northwest of town.

John Bowie's people have a new daughter. This makes three daughters and two sons in the family.

Mr. and Mrs. Will Rogers of Parkland were guests of her parents John Miller and wife over Sunday.

Wm. McKay was a guest of C. N. Booth Wednesday and returned to his home at Millerville Thursday.

The Granum Herald has been sold to Messrs. Richards & Sammons. The old proprietor will shortly move to Innisfail.

The Misses Etherington of Toronto have arrived at Meadow Creek to spend the summer with their father and brothers.

Mrs. H. B. Tilden and daughter, of Granum are spending a few days visiting Mrs. Tilden's mother, Mrs. Wm. Moffatt.

Another wave of the flu is now general all over the Dominion. But a good many spring colds, etc., that are not flu pass for it.

F. Downs returned from Calgary this week. His little girl who was operated on in Chicago recently is now on the road to recovery.

L. T. Torgerson returned from Wainwright on Wednesday night. He will be home for about one week when he expects to motor back to his farm in the north country.

J. Cheadle, three miles south and two miles east of Clareholm will sell horses, cattle, machinery etc. by public auction on Wednesday, April 9th. A. E. Strange Auctioneer.

Mr. and Mrs. Geo. Carney and daughter returned home on Saturday from their winter trip to California. They report having had a very enjoyable holiday, but did not feel inclined to change from wheat farming to orange ranching.

A valuable Percheron stallion was last week shipped by F. Downs from Illinois. It was taken out to Meadow Creek to his ranch where it will remain this summer. Those who saw it claimed that there was none better in the district.

In connection with St. John's church, there will be a sale of home cooking and also of fancy work on Saturday, April 19th, from 3 to 6 o'clock in the Parish Hall. Afternoon tea will be served. Price twenty-five cents. Everybody welcome.

A meeting will be held in the council chamber on Tuesday evening next to reorganize the Clareholm Brass Band. All interested should be there. A good brass band is an asset to any town, and there is plenty of material here for a good band.

High River is one of the towns where the present wave of the flu is very bad. The local board of health at that place has declared a ban on all public meetings. There have been several deaths from the disease.

Miss Davidson, public health nurse, will give an illustrated talk to parents on "Health Inspection of school children" at the Parish Hall, on Friday evening, April 11th, at 8 o'clock. Every person interested in the health of the community should be present.

Mrs. W. J. Taylor gave a delightful linen shower in honor of Mr. F. H. Calahan (nee McMillen) on April 1st. House decorations were carried out in pink, the bride's favorite color. The evening was spent in the enjoyment of cards, music, and numerous April fools. Little Delrose Walker and Rita Cockburn served the luncheon. The bride was the recipient of many beautiful gifts.

The baseball dance this week was an enjoyable social event, but the attendance was not large enough to benefit the funds of the club to the necessary extent. People who wish to see good baseball this summer should patronize the club's entertainments. You get your fall money's worth at these social dances and if all the fans turn out it will help the club immensely. There could be no better way devised to put the team on its feet financially, so all fans do your part.

### Sunday School Convention

The Sunday School Convention which was held on Thursday was well attended and proved very interesting and instructive. A large number of delegates were present from Macleod, Granum, Staveley and Parkland. There were three sessions, all of which were greatly appreciated.

The addresses dealing with the various phases of Sunday School work were clearly prepared and the delegates received a new inspiration of the value and importance of the work of the Sunday school teacher. The evening addresses of Rev. Mr. Westman and Rev. McLeod were particularly good. Special emphasis was put on the importance of preparing the rising generation for the responsibilities of the new democratic order of the near future. Now is the great constructive period in which all should work for the building up of the new democracy on the great principles of justice and truth.

A new era in Sunday school work has been inaugurated and through the federation of the Sunday schools and the inspiration of such conventions as this it is expected that efforts will be made to gather everyone into the fold of the Sunday school.

# Racial Question and League of Nations

Paris. — William Hughes, premier of Australia, made the first statement to the Associated Press that he was unalterably in opposition to the proposed racial equality amendment to the covenant of the league of nations or to any form of the league mild in recognizing that principle.

The American amendment concerning the Munro Doctrine and the Japanese racial amendments were not included in the covenant of the league of nations as sent to the drafting committee. The amendments may be offered later at a plenary session of the peace conference or before the council of ten.

The Japanese delegation to the peace conference continued to press for an amendment to the covenant of the league which would go as far as the conference was willing to concede toward the promulgation of the principle of the equality of races. The original Japanese proposal, which met with speedy rejection, has been modified by them several times until it stands today, it calls for "recognition of the equality of nations and just treatment of all their nationals."

It was generally understood that several of the leading delegates, including the United States mission and the majority of the British, were inclined to believe there was nothing objectionable to an amendment thus framed.

"Australia," said Premier Hughes, "cannot accept this proposal which strikes at the very root of the policy that we have maintained so long, which is vital to our existence and which we have regarded as absolutely as has America her Monroe Doctrine."

"I am anxious to avoid any possibility likely to hurt the susceptibilities of the people of other nations, but on this point, since we cannot give way, it is best that I should speak plainly. We cannot agree to any amendment which would place any restriction on any words in the covenant or in the treaty of peace, that would impair or even question our sovereign rights in regard to any and every aspect of this question."

"One of the principles of the league is that there shall be no interference in the international affairs of any nation. No nation will surrender its sovereignty in matters essential to its welfare to enter the league."

"I cannot but regard the proposed amendment as an effort to establish a position which ultimately some nations would find their internal policy challenged by the league at the instigation of one of its members. The amendment, no matter how innocuous it may seem in form, is certainly aimed at giving the league control of questions relating to immigration, naturalization and matters which can not be surrendered by any state without such impairment of its sovereignty as to make it, in effect, a subject state."

"If the league is able to compel a state to amend its immigration, naturalization and franchise laws, it remains to the state only the shadow of sovereignty. The substance has gone. No free nation could agree to dictation in such a matter from the league of nations. Intimate problems belong to and must remain under the control of the individual nation."

London. — Replying to Brigadier-General Croft in the house of commons, Right Hon. Andrew Bonar Law said that no agreement will be entered into at Paris which would interfere with the full control of the United Kingdom or the dominions over their own customs duties.

# Paving the Way For Permanent Peace

London. — The Paris correspondent of the Pall Mall Gazette says on high authority that "in order to avoid results which would inevitably arise if preliminary peace terms are not drafted until such time as the various commissions shall have fulfilled their labors, and have presented their respective reports, the representatives of the great powers have drawn up certain proposals which even amount to constitute the basis of the first treaty, or one analogous to that signed at Versailles in 1919."

The correspondent adds that these proposals are under the consideration of the "inner council of four" President Lloyd George, Clemenceau and Orlando and President Wilson, which has temporarily superseded the council of ten, and that the proposals will greatly expedite decisions.

"A final settlement will not be attained at"

## Defeat Daylight Saving Bill

Resolution Defeated in Commons by a Vote of 105 to 50

Ottawa. — A resolution in favor of the re-enactment of the daylight saving bill this year was defeated in the commons, the vote against it being 105 to 50. The resolution was moved by Major R. C. Cooper, Vancouver South a Unionist member, and seconded by Hon. Rodolph Lemieux.

The debate occupied the entire sitting and it was evident from the beginning, that the opponents of the resolution were in the majority. The rural representatives of Ontario and the prairie provinces were principally a unit in their opposition, while the urban representatives of the east, along with practically a solid British Columbia and a majority of the Quebec members, both rural and urban, favored the re-enactment of the legislation of last year. The maritime province vote was split. Only seven members vote in Ontario favored daylight saving.

## Huns Held Danish Residents

Paris. — Germany is detaining Danish residents of Schleswig who desire to return home after having been released from Russian prisons, according to advices reaching the French foreign office. These were among Germans taken prisoner by the Russians during the war and who, after being let go in Russia, attempted to return to Schleswig. They are, however, it is declared, being imprisoned in Germany and denied permission to go home.

## ALL CHILDREN LOVE "SYRUP OF FIGS" FOR LIVER AND BOWELS

Give it when feverish, cross, bilious, for bad breath or sour stomach. Look at the tongue, Mother! If it is coated, that's what ails your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When feverish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, stomach bad, has constipation, sore throat, diarrhoea, full of colic, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated, waste, undigested food and acids gently move out of your little bowels without gripping, and you have a well, playful child.

You needn't expect sick children to take this "California Syrup of Figs," they love its delicious taste, and it acts gently on the bowels. Ask your druggist for a bottle of "California Syrup of Figs," which has directions on the wrapper for all ages and for grown-ups plainly on the bottle. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Resist any other kind with contempt.

## Weather Supplied

Montreal. — The Marconi Wireless company has completed arrangements for supplying algonquin to the hunters who may attempt to cross the Atlantic.

A complete series of bulletins about weather conditions over the area to be traversed will be compiled from advices to ships at sea and will be sent out from the company's Glace Bay station and picked up by the aviators.

"I suffered from kidney trouble for years. I also had rheumatism in my back and down one leg and sometimes I could not walk. The rheumatism would settle in my hip or the calf of my leg and the pain was most unbearable. I tried three different pills but they did me no good. I suffered in this way for about five years. I was recommended to Mr. and before I had used the first box I was completely cured. It is now eight years since I first took them, and I am in the best of health. I always keep Dr. Chase's Kidney-Liver Pills."

"I would advise anyone who is troubled with kidney trouble, or rheumatism, or any other ailment, to try Dr. Chase's Kidney-Liver Pills. I am personally known to me, and I have every reason to believe that it is the best of all remedies for all these and all other circumstances."

Many newspapers here are constantly expressing regret that the overseas soldiers are being allowed to depart practically without a send off.

## British Strikers Resume Work

Railway Strike Resolution Was Rescinded and Miners Out are Returning

London. — The delegates to the conference of the National Union of Railwaymen have decided to accept the offer of the government for the settlement of their demands.

J. H. Thomas, general secretary of the union, said that the settlement was made subject to satisfaction being obtained on some points yet outstanding. The strike resolution was rescinded by the conference. Thirty thousand South Wales miners have resumed work and the remainder of the strikers will fall in line.

## Hun Liners Arrive in England

Leviathan of Atlantic Now Being Handed Over in Obedience to Allied Terms

Copenhagen. — The delivery of German merchant ships to the allies continues, dispatches received here from Berlin say. Various vessels of the Hansa line sailed from Bremen and the North German Lloyd liners Zeppelin, 15,000 tons, Waldeck, 6,517 tons, and Prinz Friedrich Wilhelm, 6,000 tons, sailed from Hamburg to be followed by the Meiningen. The North German Lloyd steamers Prinz Ludwig, 9,600 tons; Prinz Frankfort, 7,400 tons; Altonburg, 7,800 tons and the new steamer Meissen, were to sail soon.

Other steamers of the North German Lloyd allotted to the allies are also preparing to sail soon.

# The German Whine Over Peace Terms

## Mons Welcomes Canadians

Paris. — The municipal council of Mons gave an official reception to General Loomis, officer commanding the Third Canadian Division, which formed part of the first army which liberated Mons on November 11.

## French Post Abolished

Paris. — President Poincaré, acting on Captain Andre Tardieu's suggestion, has signed a decree abolishing the post of French high commissioner at Washington on April 1.

## Wimser. — Speaking in the national assembly, Philip Scheidemann

the German chancellor, said and said that fresh sacrifices in the peace conditions are expected to be announced; that unprecedented sums in compensation are to be imposed; that wide stretches of purely German territory are to be taken and that crushing restrictions are to be imposed in financial and military matters.

"Assuredly a large part of these alleged conditions are invented," the chancellor continued, "so that by reputation, they are intended in order to create an atmosphere which will suffocate protest even against a peace of violence. Our people, which are ill-treated by the armistice, will not be deceived by this method. A cry, not of a Chauvin nature, but of the deepest despair which appeals to the highest there is—to the conference of business—is going up throughout Germany."

Herr Scheidemann said the protests against the alleged conditions were due to patriotic fears. The government knew the loyalty to the empire was one of the most valuable possessions entrusted to its control and would not permit it to be treacherously used at home or abroad. The chancellor appealed to the people to stand together, adding:

"The so-called radicals of the left have no right to protest against a period of oppression for we are responsible under the guarantee of Brest-Litovsk and Bucharest."

Declaring that Great Britain had rejected a proposal to establish an international tribunal to investigate responsibility for the war, Herr Scheidemann said:

"Even if Germany were responsible for all the crimes she is accused of, has she thereby lost the right to protest against fetters which will throttle her?"

"Spa was worse than Brest-Litovsk because Spa shows that it learned nothing from Brest-Litovsk."

## Hungary is Warned

More Socialist Government Will Not Satisfy Autocrat of Red

## Russia

Copenhagen. — Premier Linde, of the Russian Soviet government, has sent a wireless dispatch to Bela Kun, the Hungarian minister of foreign affairs, asking for the guarantee of the new Hungarian government is really communist and not merely socialist. Linde stated: "I am against instituting 'our Russian tactics in detail'."

In his message, Linde says: "Owing to the peculiar circumstances, I am quite sure it would be a mistake for the Hungarian revolution to imitate our Russian tactics in detail and warn you against this mistake."

## Vote to Keep Rhine Territory

Meetings of Protest in Germany Against "Enslaving Peace"

Paris. — The Prussian national assembly has voted unanimously against the relinquishment by Germany of any of the Rhine territory, especially the Saar basin, according to German dispatches reaching here. The advices also told of meetings of protest multiplying in all parts of Germany against what is called a "re-slaving peace." According to the Zurich correspondent of the journal "Die Welt," the meetings are being organized by the government through Count von Brockhoff-Bantzen, the foreign secretary.

## HELP WANTED!

Keep away from the flame of the candle if you don't want your wings singed, is a proverb as old as the hills. So old we have almost forgotten to apply it to ourselves. In every community men and women are initiating the month. How many times have we been singed by the fascination of that long distance "bargain?" And how many times have we come back and back again, to the flame? How much money is lost each year to this community by this same singing process? The flame of the candle must higher. The month crowd closer and closer to the flame. It is our business to put that flame out. Wanted.—A few men and women in our community to apply the snuffer.

## Opposed to Fixed Prices

Views of Hon. Crerar and the Government Seem to Harmonize

Ottawa. — Hon. Mr. Crerar, answering W. D. Cowan, of Regina, in the agricultural committee, said that in opposing a fixed price for wheat, he spoke only for himself and not for the government.

It is a habit that ministers have; only the premier speaks for the government. At the same time, those in the inside at Ottawa know that the sentiments of the government are those of Mr. Crerar. They have been talking about it since last fall and there has been so far no division of cabinet opinion against the proposal. Mr. Crerar broke the ice, but voicing only his own views officially, he voiced, unofficially, the views of his colleagues.

Spatschewich members will now throw the question into parliament, with a direct resolution calling for a fixed price. The outlook is not promising.

## Dominion Troops Parade in London

London. — It is understood that Lord Milner, British secretary for the colonies, is giving his personal attention to the question of the ceremonial parade through London by the Dominion troops before their departure for home.

Many newspapers here are constantly expressing regret that the overseas soldiers are being allowed to depart practically without a send off.

## Rheumatism

Sometimes So Bad Could Not Walk—Pain Almost Unbearable—Found a Cure After Five Years of Suffering

Saugus, Alta., April 8.—Here is more proof of the way to get rid of pain by cleaning the system of poisonous impurities.

When the kidneys fail to do their work of purifying the blood there is sure to be pain suffering. Lame back, rheumatism, backache, headache, pains in the limbs, are the natural result. Mr. Robinson found that when he got the action of the kidneys started by use of Dr. Chase's Kidney-Liver Pills, that the pains and aches disappeared. Cure was effected eight years ago, so it is surely well worth trying.

Mr. J. A. Robinson, Saugus, Alta., writes: "I suffered from kidney trouble for years. I also had rheumatism in my back and down one leg and sometimes I could not walk. The rheumatism would settle in my hip or the calf of my leg and the pain was most unbearable. I tried three different pills but they did me no good. I suffered in this way for about five years. I was recommended to Mr. and before I had used the first box I was completely cured. It is now eight years since I first took them, and I am in the best of health. I always keep Dr. Chase's Kidney-Liver Pills."

"I would advise anyone who is troubled with kidney trouble, or rheumatism, or any other ailment, to try Dr. Chase's Kidney-Liver Pills. I am personally known to me, and I have every reason to believe that it is the best of all remedies for all these and all other circumstances."

## Must Pay Own Way

Soldiers' Dependents Who Left Canada After Signing of Armistice Return at Own Expense

Ottawa. — Owing to the fact that a number of soldiers' dependents are leaving for England in the expectation of returning with their soldier relatives, the order in council in regard to expenses of repatriation has been amended. It now provides that no expenditure shall be incurred by the government in the repatriation of any soldiers' dependents who left Canada for the United Kingdom, France or Belgium, on or after November 11, 1918.

Those, therefore, who have left Canada for the United Kingdom since the signing of the armistice will have to return at their own expense.

# War Shows Financial Strength of Britain

Paris. — President runners that all Europe is on the verge of a financial collapse are not justified by the facts, a prominent United States financial expert, who has been engaged for many months in studying the problems facing the peace conference, said in a statement recently.

Conditions were serious, he added, but not panicky, and will doubtless be relieved greatly when peace is signed and the embargoes lifted. He predicted that England will be stronger within a year than ever before because of her unusual commercial enterprise and the courage with which she meets her debts by taxation.

Great Britain, with a war debt of \$100,000,000, the financier added, is in a situation in which she can pay with her own debt and per capita wealth at the conclusion of the Napoleonic wars. The allies owe Great Britain more than \$100,000,000 and \$100,000,000. The financier stated that only about four billions of the twenty billions of dollars invested abroad by Englishmen before the war had been disposed of.

# GRAY DORT

## The Ultimate in Value

Motorists who come to the Gray Dort after having driven other cars, find in the end—whether they previously paid more or less—that the Gray Dort offers the highest value.

This is the direct result of the basic policy of our business—to build a fine light car, completely satisfying, sturdy, economical. That we are able to sell such a car at a low price is due entirely to the unequalled efficiency of our factory.

Undoubtedly, you too

will come some day to the Gray Dort as the ultimate in value. You will demand the speed, power, quietness of the Gray Dort motor; the roominess and comfort of the Gray Dort body; the standard equipment.

The touring cars \$1245, the Gray Dort Special, the car with added radio, extra equipment, and a sedan. All priced to sell at a lower price. You need not pay a higher.

## Notice to School Districts Desiring to Hold School Fairs Commencing in the Spring of 1919

The Department of Agriculture at Edmonton purposes giving assistance in the organization, management and financing of School Fairs through the School of Agriculture at Clareholm. This notice has reference to the territory in Southern Alberta extending from the main line of the C.P.R. south to the boundary.

Briefly, the plan is that a committee of interested citizens shall be organized at the centre at which it is proposed to hold a fair, which committee will share with the Department of Agriculture and Education the work and expense of the fair. A group of from eight to twenty-five schools convenient to the centre will be selected. Garden seeds will be distributed through the committee to the pupils of these schools. The pupils will plant the seeds at home, care for the gardens during the summer, and in the fall exhibit samples of the products at a Fair. Girls will receive recipes and instructions in connection with the sewing and cooking that they will exhibit at the Fair.

For further particulars apply immediately to

For some months past, an effort has been made to find a market for the unsalable light horses and midsize now eating fodder which should be conserved for the use of animals of better quality. The secretary of the Alberta Horse Breeders Association at Calgary had received offers of over ten thousand horses of the class shown condemned at five cents a pound. Those interested in this undertaking succeeded in having the subject dealt with by the Inter-Alleed Food Council in London. Unfortunately, the number of army horses which will be slaughtered as unfit for other use will produce a surplus of horse flesh, which for the present, prevents arrangements being made for the sale of horses for this purpose from Canada. The situation, however, will be carefully watched with a view of the possibility of a permanent export market for this commodity being developed in the future. The large number of horses offered from all parts of Alberta for this purpose indicates the widespread interest in the matter, and the splendid service that will be done to the horse industry if this class of horse can be eliminated from the range and from the farms without being a total loss to their owners.

## NOW IS THE TIME TO KILL GOPHERS

How to Prepare Gopher Poison

To one pint of boiling vinegar add one ounce of strychnine and stir until dissolved. To this solution add one quart of water. While boiling add two pounds of brown sugar and one teaspoonful of oil of anise. Put one peck of whole wheat into a pail and pour the boiling solution over it. Cover the pail and allow it to stand for twenty-four hours. At the end of this time if all the solution has not been absorbed add one or two handfuls of shorts and stir well.

Instead of whole wheat cracked grain may be used. In using this, the poison solution should be put into a pail and the cracked grain added handful at a time and stirred after each handful has been added. In this way one can judge the exact amount of grain to add so that the poison mixture will be moist but not sloppy. This should be allowed to stand a few hours before being used. Thrown by means of a handled spoon, a small amount of the poison should be placed into the gopher hole so that birds will not become poisoned. Birds destroy many kinds of insects injurious to farm crops and hence they should be protected and not destroyed.

In view of the expectation of there being no "soldiers on the soil" this year, there will be no "Soldiers of the Soil" in 1919 as there were in 1918. The Y.M.C.A. which last year organized the S.O.S. movement under the direction of the Canada Food Board has decided not to make any national activity along this line in 1919.

## Spring is Here!

Have you had your car overhauled?

It will only be a short time until you will be giving it a lot of hard work, and you can hardly expect it to go on year after year giving you good service, without having it gone over and the wear which is bound to develop taken up.

Now is the time to have this done, so the car will be in first class shape and in condition to give you the service you expect of it throughout the summer. Let us give you an estimate on putting your car in first class running condition.

### How about a coat of Paint?

We have just received a large shipment of special auto finishings which are easily applied and will prove a very durable new finish to your car. This includes dressing for the leather upholstery as well as both mohair and leather top dressing.

The Beautiful  
1919 Models  
are Here

UTILITY as exemplified in  
McLaughlin 1919 models is  
the result of an unwavering fideli-  
ty to accepted engineering ideals.  
No radical changes mark the new  
"H" Series which are refined, de-  
veloped and improved rather than  
re-designed.

On the two chassis—Master Sixes  
and Light Sixes—are mounted var-  
ious body designs in open and  
closed models comprising a car  
for every need.

## A famous tractor—the Fordson

THE Fordson tractor has at-  
tracted the attention of every  
civilized country. It is used  
by thousands in Europe today. It  
has shown the way to make farms  
produce more—in every country—  
and of every size.

Build right—simple, durable,  
economical, easy to operate—easy

to care for; the Fordson fulfills  
every requirement. It will make  
your farm a more profitable invest-  
ment—will take worries off your  
shoulders.

Burns kerosene—all gears are  
enclosed. The Fordson is built  
especially to meet the need for a  
tractor which must be cared for by  
the operator himself.

## Use it with the Oliver No. 7 Plow

Good plowing—every acre exactly as you want it—that's the  
result of using the Oliver No. 7 Plow especially designed for the  
Fordson tractor. Trash and weeds are buried at the bottom of  
the furrow; the stop device maintains an even depth of furrow.  
It's the plow that works to the best advantage with this tractor.

Come in and let us show you the Fordson tractor and Oliver  
plow.

## That Flu Stuff.

If you have the tummy ache,  
It's the Flu!  
If you're weary when you wake,  
It's the Flu!  
Is your memory of the truck?  
Is your liver out of whack?  
Are there pimples on your back?  
It's the Flu!

Are there spots before your eyes?

It's the Flu!

Are you fatter than some guys?

It's the Flu!

Do your teeth hurt when you bite?

It's the Flu!

Do you ever have a fright?

It's the Flu!

Do you want to sleep at night?

It's the Flu!

He won't wait to diagnose,

It's the Flu!

Hasn't time to change his clothes,

It's the Flu!

For two weeks he's had no rest,

Has no time to make a test

So he'll close you with the rest,

It's the Flu!
